In order to facilitate active participation of large number of candidates in JEE (Main) 2026, NTA is working towards increasing the number of cities for wider approach and ease of engineering aspirants. Furthermore, special attention is being given to address the requirements and needs of PwD/PwBD candidates appearing in the Examination.

To minimize the procedural difficulties of JEE (Main) - 2026 aspirants while filling the online application form, the National Testing Agency had issued a public notice on 29 September 2025. The primary objective of issuing this advisory was to support lakhs of aspirants across the country by encouraging timely and accurate updation. NTA will be obtaining Name, Date of Birth, Gender, Photograph and Address from UIDAI through Aadhaar Authentication (for updation in Aadhaar, please follow UIDAI guidelines). However, since Father/Mother/Guardian's name etc. is not recorded in Aadhaar, candidates would have to fill such details separately in the online application form.

In case of name mismatch in Aadhaar Card and 10th Educational Certificate/Marksheet of any candidate, an option will be given to overcome this issue during the online application stage. They may also refer to the NTA Public Notice dated 06 November, 2024, which is available at JEE(Main) Website <https://jeemain.nta.nic.in> on "Advisory and Instructions on Aadhaar Card Name Mismatch while filling up application form for JEE (Main) 2025" which will also be applicable for JEE (Main) - 2026.
